LIN-O-WALL

AN INDESTRUCTIBLE wall-covering, in solid, high relief, already decorated — no finishing process required. Being colored throughout, will not show surface scratches or dents. Cannot fade, because the colors are oil. Length of service adds to the richness of tone. This material makes a perfectly sanitary wall-covering, as it can be cleansed with soap and water. It is as easy to hang as any ordinary paper, on account of its pliability. Note instructions in our Agents' Manual.

A few samples are included in our regular outfit. A sample of any other pattern or color desired will be sent on request. Lin-O-Wall is sold by the single roll, 8 yards long, except panel dados, which are sold by the section, and borders, which are sold by the yard. The colors in which Lin-O-Wall is carried in stock are designated by letters. We cannot furnish any pattern in colors other than those stated. When a special color is desired, use either color W or EW, and decorate after hanging.

Following is the key to the various colors:

Color C—*Light Sage Green*

Color E—*Tan*

Color F—*Dark Oak*

Color H—*Royal Blue*

Color K—*Dark Sage Green*

Color N—*Leather*

Color S —*Ox-Blood Red*

Color W —*Ivory*

Color AX—*Bright Red*

Color BL —*Emerald Green*

Color CO —*Bottle Green*

Color EW—*Pure White*

Color MB—*Nile Green*

Color PR —*Golden Brown*

SPECIAL ROOM-MOLDINGS

There is a large demand for the plate-rails, chair-rails, cove-moldings, beadings and corners shown on the following pages and on the back of the sample-board of moldings. By calling your customers' attention to these goods, you will frequently secure orders.

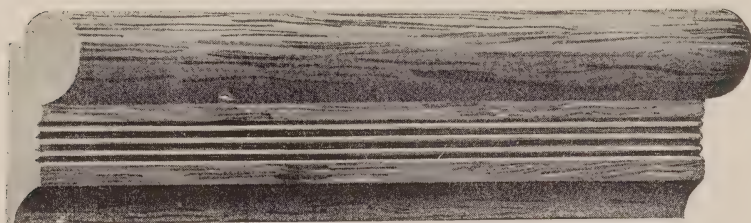

We do not carry these special moldings in stock (except those listed below). It will, therefore, require three or four days to fill orders. Unless otherwise instructed, on receipt of an order we will immediately ship such goods as are carried in stock, and make separate shipment of special moldings as soon as finished.

Moldings are made in 12-foot strips. On stock moldings we will supply any number of feet required, but orders for *special* moldings must be in multiples of six feet, as we cannot cut less than half strips.

In ordering special moldings always state *color* or *finish* required.

BURLAPS

We sell the celebrated Fab-Ri-Ko-Na and He-Bo-Co burlaps.

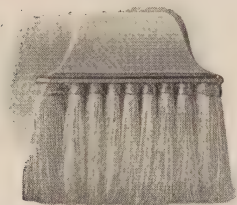

The Fab-Ri-Ko-Na burlaps are made of specially selected materials; the colors are practically non-fading, and the goods are treated with an antiseptic preparation, making them entirely sanitary. They are desirable for any customer who recognizes that the best is always the cheapest.

The He-Bo-Co burlaps meet the demand for a lower-priced fabric, but can be recommended as superior in quality to other burlaps offered in competition.

Sample books and prices on application. Specify whether Fab-Ri-Ko-Na or He-Bo-Co is desired.

Trestles closed

Set up ready for use

Miller's Trestles are recognized as the best in the market. They are built of selected hard woods, and all trimmings are of steel. They weigh less than five pounds, and can be folded very compactly, making a bundle 40 inches long and 2½ inches square. They will stand absolutely rigid on an uneven floor, and are strong enough for scaffold purposes.

Price for trestles only, per pair.....\$2.00

Price does not include boards.

PAPER-HANGERS' BOARDS

Hinged

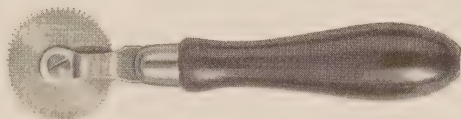

Made from best selected kiln-dried white wood, free from knots; ½ inch thick, 23 inches wide (11½ inches when folded). Built of four boards, riveted and glued to prevent "dishing," with four battens to prevent warping.

	EACH
6 feet long, 23 inches wide.....	\$2.20

STEEL WIRE BRUSH

No. 111. Intended for removing rust, paint, etc., from the surface of metals, stone, brick, or woodwork. It is also extensively used for removing old wall-paper from walls and ceilings, many claiming it is superior to a scraper for this purpose.

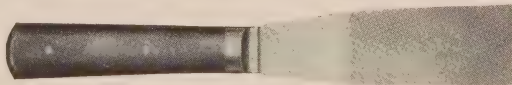

Per dozen.....\$8.00 Each\$0.80

PUTTY-KNIVES

No. 3117. Best putty-knife made. Bolster, tang and blade forged from one piece of steel; heavy brass ferrule; solid ebony handle. Length of blade, $4\frac{1}{4}$ inches; width, $1\frac{1}{4}$ inches. Stiff or elastic blade.

Per dozen.....\$5.50 Each\$0.50

No. 30. A good knife, red cocobolo handle, metal bolster, brass rivets. Length of blade, $3\frac{3}{4}$ inches; width, $1\frac{3}{8}$ inches. Stiff or elastic blade.

Per dozen.....\$3.00 Each\$0.30

SISK'S PAPER-HANGERS' PATENT SIZING

For painted, kalsomined or lime-washed walls and ceilings, requiring no scraping or washing to prepare the surface. It works easily and dries quickly. One gallon to five gallons of hot water will cover four to six thousand square feet.

A new feature of this sizing makes it particularly valuable to the paper-hanger.

Stains appearing in wall-paper after hanging are due to free lime in the plaster, but the wall-paper or the paper-hanger is usually blamed. You can avoid any such trouble by using Sisk's Paper-hangers' Patent Sizing, which positively detects free lime. After the size is applied, if there is any free lime in the surface it will turn a salmon color. By coating such spots with white shellac, you can hang the finest goods without fear as to the result.

Pint cans each, \$0.50	½-gallon cans.....each, \$1.40
Quart cans each, .80	1-gallon cans.....each, 2.50

PAPER-HANGERS' SIZING

For sizing walls before papering, especially when they have been painted or varnished, or on rough-finished walls. One pound makes one gallon of size. Dissolves in cold water.

5-pound package\$1.00

SPHINX GUM

Especially recommended for heavy goods, such as Lin-O-Wall, Sanatile, burlaps and leather papers, also for adding to flour paste when hanging lighter goods. For sizing add five quarts of water to one of Sphinx Gum; one gallon thus thinned will size 3,000 square feet. Full instructions with each package.

	EACH
10-gallon kegs.....	\$7.00
5-gallon kegs.....	4.00
1-gallon cans.....	1.50

TRADE MARK

MIKAH GUM

An ideal material for hanging heavy pressed papers, Sanatile, Burlaps, Lin-O-Wall, etc. It can be used without diluting, or mixed with flour paste, depending upon the class of goods being hung. It will prevent flour paste from molding or souring.

Mikah Gum can also be used for sizing. Five to six quarts of water added to one quart of the Gum makes an excellent size, which will cover over 3,500 square feet.

Complete instructions with each package.

A sample will be sent free on request.

	EACH
10-gallon kegs.....	\$6.50
5-gallon kegs.....	3.70
2-gallon pails.....	2.10
1-gallon cans.....	1.40

“YANKEE” COLD WATER PASTE

A dry paste which, when stirred into cold water, makes a thick paste ready for immediate use. It is far superior to any ready-made paste, costs less, and is more convenient. One 2½-pound tube of Yankee Paste will make a large bucket of paste ready for use. Sample free on request.

	PER LB.
25 and 50-pound pails.....	\$0.14
2½-pound tubes	.16

PAPER-HANGERS' PASTE

A steam-cooked paste, ready for use when thinned with cold water. We recommend it to those who prefer a “wet” paste.

	EACH
Barrels	\$5.00
Half barrels	3.50

SHOE PROTECTOR

Made of canvas; slips over the shoe; retained in position by spring. Saves the shoes from being spattered with paint or paste.

Per dozen pairs.....	\$4.50	Per pair.....	\$0.40

------------------------------	--------	---------------	--------

UNIVERSAL FLOOR-SCRAPER

The edges of the blade are ground perfectly square, making eight sharp cutting edges, any one of which can almost instantly be brought into use by means of the handle with its ball joint connection.

To lock or release joint or place blade at any angle, simply turn handle slightly. The wing nut is used when blade is removed from handle.

The guard may be instantly slipped on or off any side of the blade, and enables one to use the tool with a firm grip, bearing on heavily or lightly as desired. The neatest, simplest, and best all-round scraper on the market.

No. 94.....per dozen, \$20.00 ; each, \$2.00

JOHNSON'S FLOOR-WAX

This well-known preparation requires no introduction to the trade. It is not brittle; will neither scratch nor deface like shellac or varnish, and is not soft and sticky like beeswax. It contains the good qualities of both, and is therefore particularly adapted for finishing floors.

1-, 2-, 4- and 8-lb. cans, per lb. .\$.60

POWDERED WAX

Prepared especially for dancing floors. Is sprinkled lightly over the floor, and the feet of the dancers will immediately put the floor in perfect condition. One pound will cover 10,000 square feet. Put up in one-pound packages.

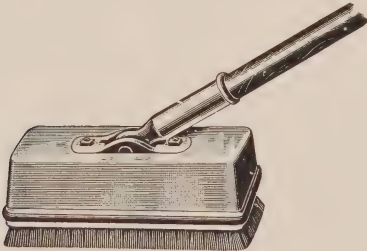

Per pound.....\$.70

JOHNSON'S CRACK-FILLER

Prepared especially for filling cracks in floors and other wood-work caused by shrinkage. It is applied same as putty, and is non-shrinking.

	PER LB.
1- and 2-pound cans.....	\$0.32
5-pound cans	.30

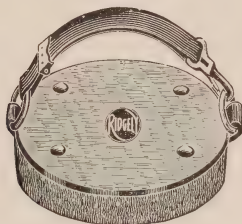

FLOOR BRUSHES

Iron-weighted. Rubber-protected edges and sides. For waxing and polishing wood-carpeted, inlaid and hardwood floors. Made of the strongest and best stock, and will not mat down by either weight or service.

No. 15. Weight, 15 pounds.....	\$3.00
No. 25. Weight, 25 pounds.....	3.50
Extra brush for No. 15.....	1.30
Extra brush for No. 25.....	1.50

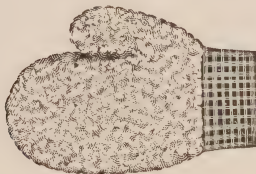

KNEE PROTECTOR

Faced with heavy leather, backed by a pad of $\frac{3}{4}$ -inch felt. Band of strong elastic web, polished nickel rings, buckles and snaps. For tile-setters, floor-scrapers, painters, janitors, and all others whose work necessitates kneeling.

Price, per pair.....\$1.50

JOHNSON'S POLISHING MITT

The latest device for polishing furniture and woodwork, and for touching up spots upon a floor. They are made of sheepskin with the wool on, open across the back, and are slipped on the hand, making it very easy to polish all surfaces. It is much more convenient than a cloth and will last for years. When dirty, clean with benzine or gasoline.

Per dozen, \$5.00.....Each, \$0.50

TRANSFER GRAINING-PAPER

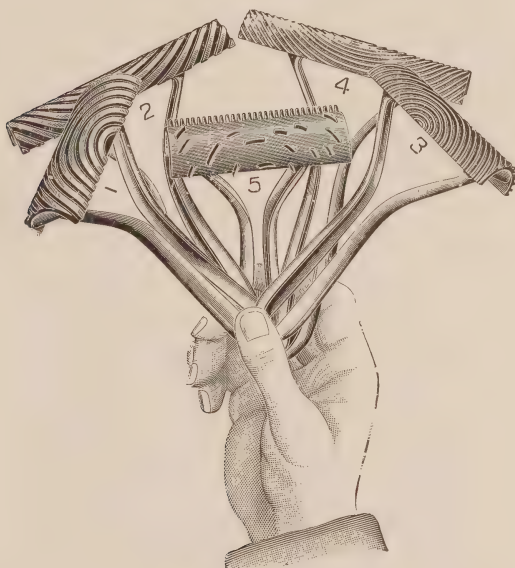

This process has many advantages over hand-graining and excels all other devices introduced for this purpose. The grain is transferred in one-third the time required for hand-graining, and produces more perfect work.

We carry in stock eighteen different shades, panels and growths of light or medium oak, six of antique oak, five of walnut, three of maple, two each of ash, cherry and mahogany, and one each of pine, pitch-pine and rosewood.

Full descriptive list and instructions mailed on application.

Price, per double roll, 18 yards long and 26 inches wide.....\$1.20

THE RIDGELY FLEXIBLE GRAINERS

With a set of Ridgely Flexible Grainers any grained wood can be reproduced in less time and more perfectly than ever before possible. Very little practice is required to become expert in producing effects equal to the best handwork.

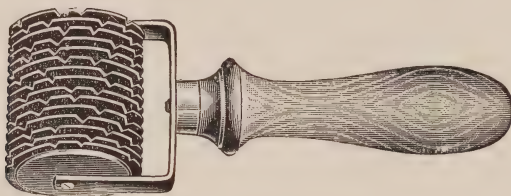

Instructions with each set, including directions for ground coat, colors required for various woods, and how obtained.

The set consists of five tools; numbers 1, 3 and 5 being three inches long, and numbers 2 and 4 five inches long.

Made of a special rubber composition, combining toughness with great elasticity. The handles are of spring steel. With proper care they will last indefinitely.

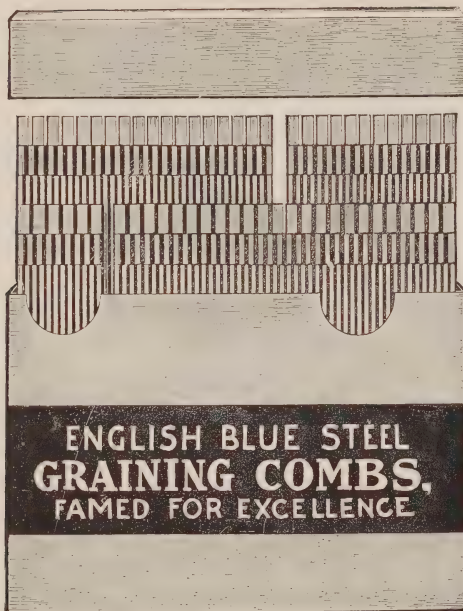

Price, per set (not sold separately)\$4.50

CHECK ROLLERS

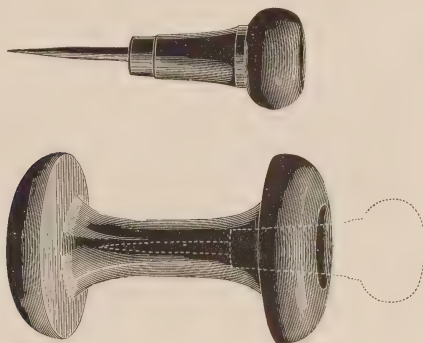

Per dozen\$11.50 Each.....\$1.10

GRAINING-COMBS

English blue steel, twelve assorted, in tin case, per set.....\$1.70

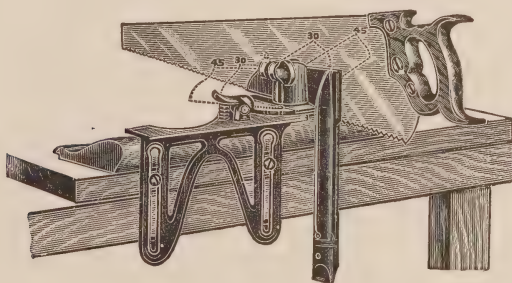

CHALK LINE HOLDER

Will hold a 50-foot line. Fasten line to steel pin on handle; always ready for use, requiring no driving of nails or helper. When not in use pin and handle fit in end of spool.

No. 688. Each \$0.40

MITER-BOX AND SAW-GUIDE

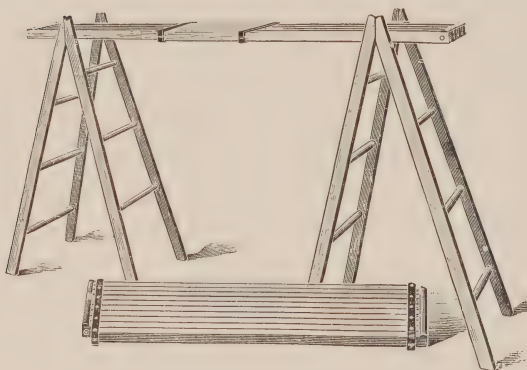

Simple, accurate, and compact. Folds up flat. Convenient to carry. Weight, 2 pounds.

With two screws it can be quickly fastened to bench, table, timber, joist, or any flat surface with a square edge.

It can be set to guide the saw in a straight right-angle cut, or at $22\frac{1}{2}$, 30, or 45 degrees, right or left.

Price, each \$3.00

UNIVERSAL EXTENSION PLANK

Any one who has occasion to use staging will appreciate the many advantages of this extension plank.

Although lighter weight than a solid board of equal size, it is much stronger and more durable.

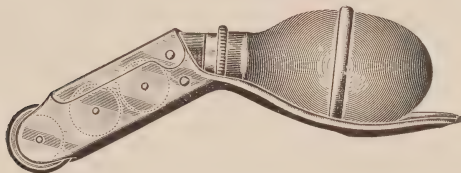

As it will not warp, it always lies even and affords a firm footing.

It can be more easily handled in doorways, narrow halls and up stairways, and is adjustable to space where used.

Made of ten pieces of clear Norway pine, each piece $1 \times 1\frac{1}{2}$ inches, laid on narrow edge.

No. 2. Length closed, 8 feet; extended, $13\frac{1}{2}$ feet..... Each, \$7.00

STRIPING AND STENCIL WHEEL

Simple, clean, and rapid. No previous experience or practice necessary. Profitable work can be undertaken as soon as machine is received.

The outfit consists of one machine, one ornamental wheel, and ten plain wheels, including single and double stripes, as illustrated below.

Directions for Use

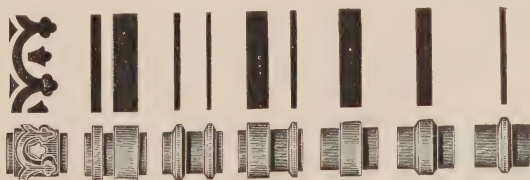

Unscrew bulb and fill with color, insert plain or ornamental wheel as desired, and machine is ready for use.

For striping, one-half Japan and one-half Oil-color will be found most effective.

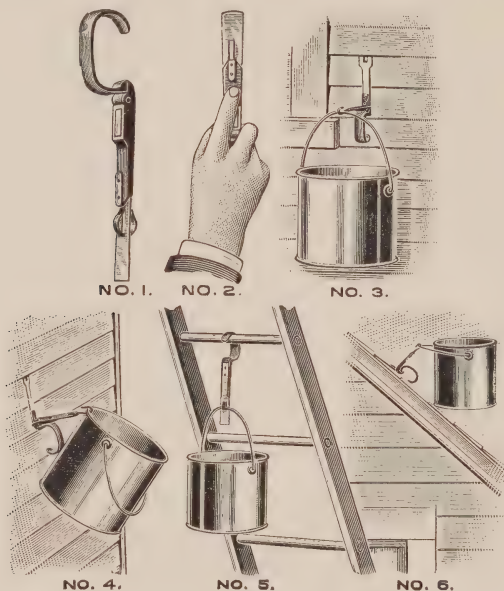

For Gold Size, add enough Chrome Yellow to give body.

EACH

Outfit complete, including one ornamental and ten plain wheels.....\$6.00

COMBINATION POT-HANGER AND PUTTY-KNIFE

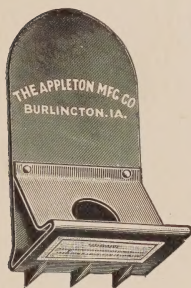

A practical tool for hanging paint-pots on clapboards or shingles and ladders.

Also makes an excellent scraper or putty-knife.

Made of malleable iron, with tempered steel blade and hook.

Per dozen, \$5.50; each, \$0.50.

ROOF-BRACKETS

The Bracket

Various Uses

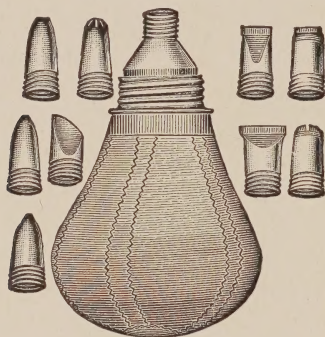

This roof bracket is invaluable to house-painters, carpenters, masons, or any one working on roofs, and will at once commend itself to any painter or contractor, as a much-needed, reliable and perfect appliance for all kinds of work on shingled roofs. It makes a perfectly safe swinging-stage support, and can be more quickly adjusted than any other appliance for this purpose. The bracket has a shoe made of malleable steel casting, in which rests the point of the scaffold hook, which carries the block and tackle for staging.

This bracket does away with the necessity of ladder-hooks, paint-pot holders, stage supports, cleats, etc., this one simple tool covering all a painter's needs on a roof.

Price, per set of six.....	\$4.00
Single brackets, each.....	.70
